

## Workshop directions

Hana Aloha Hale, 6820 Hana Hwy, Hana, HI 96713. Look for the long wooden fence on the right after the 49 mile marker and the small white bridge.

1. Get a Maui road map and use it. One good guide book to get is Maui Revealed.
2. The workshop will be held in a house about 3 miles on the other side of Hana.
3. Driving from Paia, the road quickly changes into a very slow, twisty road with multiple switchbacks and speeds between 10-25 mph. This is a very slow, but very scenic road and best driven for the first time during the day. It gets dark about 5:30pm and the drive takes about 2 hours, so it's best to leave no later than 3:00pm.
4. As you enter the Hana area, you will approach a fork in the road - but actually more like a right turn. The Hana Police station is on the corner. Turn right. Enjoy the short ride through Hana Town. The Hana Hotel and then the old Hasagawa general store is on your left and then the only gas station on your right. This marks the end of Hana Town. After Hana, the mile markers change and begin at 51 and go down. Drive about 3 miles and watch for mile marker 49 which is just before a small white bridge. The house is about a 1/2 mile further, on the right. Look for a long wooden fence. Enter through the gate and park on the grass.
5. Class starts at 8:30am on the first day and 9am on the second and third days and will go to about 6:30pm. We'll be taking a long lunch of about 2 hours or so during which time we can go to the beach.
6. Remember to bring bug spray, sun tan lotion, hiking or walking shoes that can get wet, swim suit, towel, camera and so forth.
7. Student activities outside the class room such as going to the beach, swimming in the ocean, hiking and so forth are not mandatory and done at the students own discretion and at the students own risk.
